Career of the Month

VETERINARIAN

JOB DESCRIPTION

Veterinarians diagnose and treat animal injuries, diseases and disorders, and advise on preventative action. They may work in practices, specialising according to their location in either a rural or urban area, or in the public sector or associated industries such as pharmaceuticals, food production or drug regulation.

QUALIFICATIONS

Entrants will require a university degree in veterinary science and registration as a member of the Royal College of Veterinary Surgeons (RCVS). Pre-entry experience in a veterinary practice may be required for entry to a university veterinary school

 Progress Careers

Veterinarians diagnose and treat animal injuries, diseases and disorders, and advise on preventative action. They may work in practices, specialising according to their location in either a rural or urban area, or in the public sector or associated industries such as pharmaceuticals, food production or drug regulation.

Wages

New workers start around £15,340. Normal pay is £35,934 per year. Highly experienced workers can earn up to £74,968.

Labour Market Information

The labour market locally and regionally is developing and changing rapidly.

There are a number of projects currently taking place that have or will result in good quality jobs throughout the borough and the reach of what we in the North East do is worldwide. Check out this update about the off shore windfarm:

[Video library Archive - Dogger Bank Wind Farm](#)

Next Steps

A Levels:

Description Advanced level qualifications (known as A levels) are subject-based qualifications that can lead to university, further study, training, or work. You can normally study three or more A levels over two years. They're usually assessed by a series of examinations

Find out more: [https://www.ucas.com/further-education/post-16-qualifications/qualifications-you-can-take/levels#:~:text=Advanced%20level%20qualifications%20\(known%20as,by%20a%20series%20of%20examinations.](https://www.ucas.com/further-education/post-16-qualifications/qualifications-you-can-take/levels#:~:text=Advanced%20level%20qualifications%20(known%20as,by%20a%20series%20of%20examinations.)

Spotlight

A **Curriculum Vitae**, commonly referred to as a CV, is a short, written summary of your skills, achievements and experience which relate to a role you want. You use it in the first stage of applying for jobs.

The first thing you need when writing a good CV is to make sure you know your goal. You need to write your CV with the job in mind. The right CV will get you an interview quickly, but a badly written CV may mean you don't even get a rejection, you just never hear about the role again.

[How to write a CV: Tips for 2022 \(with examples\) | CV-Library](#)

Key terminology

Apprenticeships

What are apprenticeships?

An apprenticeship is a paid job where the employee learns and gains valuable experiences.

Alongside on-the-job training, apprentices spend at least 20% of their working hours completing classroom-based learning with a college, university or training provider which leads to a nationally recognised qualification.

For more information on apprenticeships go to:

www.apprenticeships.gov.uk/influencers/what-is-an-apprenticeship
