

Chartered Surveyor

What is it?

Chartered surveyors are professionals who assess and report on the condition of land, buildings, and other types of property. They provide advice on property-related issues such as construction, maintenance, and repair. Chartered surveyors can also provide valuations of properties for various purposes such as taxation, insurance, and sale.

Qualifications/Experience Required:

You must either complete a Chartered Surveyors Degree. Or achieve 5 – 10 years relevant experience.

You will require 3 A Levels or relevant BTEC/SQA
You will require 5 GCSEs grades 6 and above including English and Maths

Type of person who may be suited to this job:

You should be interested in construction, architecture, landscape and the environment. You will need to be very organised.

Money/Wage Guide:

As a graduate you can expect to earn in excess of £30,000 a year.
After becoming qualified you can expect to earn £50,000 plus a year.

What the Work Involves:

You will offer professional advice to clients within the field of surveying. You will examine plans, designs and project briefs, taking measurements, recording and analysing data and interpreting it through charts, maps etc.
